METAVERSE TALENT MARKET

Metaverse ...енная современного и антикварного искусства art

Metaverse- it is permanent**virtual space**where people can interact with each other and with digital objects through their avatars, with the help of technologyvirtual reality

METAVERSE- *is the intersection of biological, physical and digital worlds through the use of technology*
virtual reality.

Art-Metaverse PROMETHEUS(Prometheus) A virtual universe for the art world, created by M
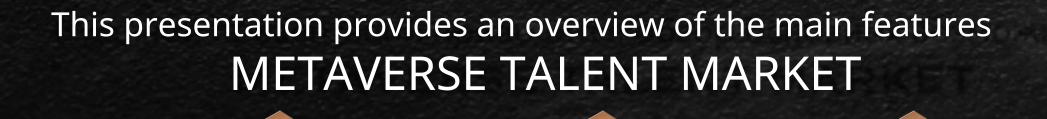

ЧТО ТАКОЕ NFT?

NFT-**non-fungible token**(NFT, non-fungible token) - type cryptographic tokens, each copy of which is unique, its impossible to fakeNFT key, program all data about subject, terms of use and distribution.

A non-fungible token is certificate of uniqueness of a digital object—a digital cryptographic certificate that confirms the right to own a digital asset (digital artifact, file).

NFT secures ownership of the original copy digital artifact (unique work of art)   .

This presentation provides an overview of the main features

METAVERSE TALENT MARKET
