# Simbiots

New form of life

Simbiots

Integral project

on unification
artificial intelligence (AI) and
virtual 3D consultants with
reliable blockchain protection

Areas of application Simbiots features
Sales

Virtual
consultants
and promoters

Education

Teachers
in universities and
teachers in schools

Services

Operators
call centers
and sales people

Sport

Coaches
in corporate
training centers

We use the GPT-3 neural network to generate text

GPT-3 algorithm

can perform
various tasks
on processing
human speech

Machine education

allows you to generate
texts similar
to human

First step

to the creation of AGI

AGI allows partial
perform tasks,
which people decide

To create realistic avatars we use

MetaHuman Creator

Animation in Unreal Engine

allows you to create
realistic people's faces and
create natural facial expressions
and movements

Wide range of settings

provides opportunities to create a
unique avatar in a short time

# Used to protect your account blockchain verification

Cryptographic me

allow reliable
protect personal data
account owner

Account verification

stops fraud, helped restore access to your account

Deepfake problem

prevented by using verification

You can watch
Simbiots features
right now

The symbiote can express thoughts clearly and clearly, like a human

Simbiots opens up limitless possibilities for a new form of life

Blockchain DNA authentication

Your symbiote will be verified in the blockchain network using your DNA biometric data

Creation and Tuning Center

In our center we will not only create your copy, but also teach it your skills and habits

Multisymbiotes

You will be able to work in several areas at once thanks to different avatars

Immortal life

After you leave, the symbiote will be able to continue your life's work

Synthetic people canwork for you

mbiots introduces a new type of outstaffing to the market - outstaffing of synthetic humans

ZeroGravity Foundation provides financial, management and marketing support to the project

ZeroGravity Foundation is a decentralized venture fund and an international aggregator of digital, innovative and blockchain technologies

You can purchase shares of the project through the purchase of tokens from the ZeroGravity Found fund
